Kaiserlicher Eisenbahnkommissar Lüderitzbucht

Introduction

The administrative background of the office of the *Eisenbahnkommissar* (Railway Commissioner) and the provenance of these unregistered files have not yet been researched. Presumably, the files are only a fragment of a larger fonds that accidentally escaped destruction.

The five files constituting this fonds carry no filing system number and (except file UA.5) no file title. The numbers and titles were assigned by the archivist. They are accommodated in one single storage unit.
