Introduction

The National Archives of Namibia is not officially designated to collect the publications of international organizations. In part, this mandate is fulfilled by the National Library of Namibia, which is a depository library of the United Nations and the World Bank.

However, occasional transfers from government offices containing publications of international organizations that were not collected elsewhere in Namibia and which are of high relevance for regional cooperation and are of high historical research interest, or have an impact on Namibian government operations, led to the decision in 2008 to establish a collection of official publications of such organizations.

The collection is rather incomplete, as it is not based on direct transfer from those organizations but on accidental acquisitions, but should nevertheless be useful for research purposes.

Items from this collection should be ordered with the archival group code IOR.

W.H., July 2012

E.5 International Organisations Publications (IOR)

1. United Nations (UN)

The National Library of Namibia is a United Nations Depository Library, and in general, United Nations publications should be requested at that library.

The National Archives holds a substantial amount of United Nations publications in its Accession AACRLS.048 (United Nations Commissioner for Namibia). This collection is currently being organized. Reference to details of this collection will be made in future editions of this guide.

2. Commonwealth

IOR

2/1 Report of the Commonwealth Secretary-General
1997

More issues are available at the National Library, T96/0292
