## **Private Accession A.0244 School Aus**

### **Introduction**

This accession was donated to the National Archives in 1973 by the Town Clerk of Lüderitz. It has not been recorded where these German educational records were previously kept.

They consist of school records of the German government school at Aus shortly before, and during, the First World War. The nine documents, all in German language, include a short history of Aus and are accommodated in one storage unit.
