Private Accession A.0778 Kaokoveld and Etosha Films

Introduction

Provenance

These films were shot in the 19970s by Jan W. Viljoen, who was an electrician in charge of power stations in Ovamboland and Kaokoveld. They were donated to the National Archives by Wendy Viljoen at an unknown date, and accessioned in November 2004.

Description

The accession consists of 86 Super-8 films, mostly wildlife scenes from Etosha. Some were apparently shot at a medical expedition to the Kaokoveld. Most films rolls are still in the postage envelopes in which they were sent back from development in 1972-197?.

Processing

Due to the lack of equipment to project Super-8 films, they could not yet be viewed and described in more detail. The descriptions are taken from the inscriptions on the envelopes, which are rendered in this finding aid without attempts to correct the spelling.
