**Private Accession A.1023**  
**SWABC/NBC Radio News 1989-1990**

**Introduction**

This accession consists of the text of radio news as it was given to the news readers at the South West Africa Broadcasting Corporation / Namibian Broadcasting Corporation. They are typed on A5 size sheets, filling four standard archive boxes.. The material covers only two short periods during the transition to independence.

The news from October 1989 includes news in several language services, while the news for 1990 consists only of the English version.

The circumstances of the transfer of this material to the archives are not clear; it was found among unorganised materials in 2013. Despite its fragmentary nature, it was decided to keep the material because it is covering a highly important period in Namibian history.
